

## Lateral Spring Plungers • with spring steel sheet

22160.0206

## Product Description

The lateral spring plunger with spring steel sheet guarantees a simple and secure positioning of workpieces or components at stops or fixture plates, e.g. in board mounting or before the clamping process in the jig and fixture construction.

The double-sided version allows for serial clamping.

Below  $h_1$  is resulting a down hold effect.

## Material

## Spring element

- Stainless steel

## Body

- Steel, black
