

## Clamping Catches

22260.0450

## Product Description

Clamping catches have a round running taper surface and enable fast and safe clamping and releasing with a relatively large adjustment range and high tensioning force. Due to the small gradient angle of the taper surface, the clamping catch is self-locking.

## Material

## Body

- Steel, case-hardened, blackened

## Screw

- Steel, nitrided

## Gear lever handle

- Steel, ground, blackened

## Ball knob

- Thermosetting plastic PF 31, black, DIN 319

## Assembly

Fix with screw bolt M 10 (WS 6). Ensure a tightening torque of max. 40 Nm.

## Operation

The screw bolt and the washer are adjustable. Once screwed in, the clamping catch can easily be turned to the desired position. For Art. No. 22260.0250 / .0251 and 22260.0450 / .0451, the serration helps to put the tension lever to the preferred position.

## More information

## Notes

Left turn type can be supplied on request.

## Compliance

### RoHS compliant

Contains lead - compliant according to exceptions 6a / 6b / 6c.

### Contains SVHC substances >0,1% w/w

Contains lead - SVHC list [REACH] as of 23.01.2024.

### Contains Proposition 65 substances

Lead can cause cancer and reproductive harm from exposure
