# Adjustable Clamping Levers • inner parts from stainless steel, with screw

# **Product Description**

Adjustable clamping levers with rust-proof inner parts. Suitable for multiple applications, e.g. medical environments, chemical industry, and so on.

### **Material**

#### Lever

· Zinc die-cast, plastic coated, black, similar to RAL 9005, matt structure

#### Inner parts

• Stainless steel 1.4305

#### Screw

· Stainless steel 1.4305

### Operation

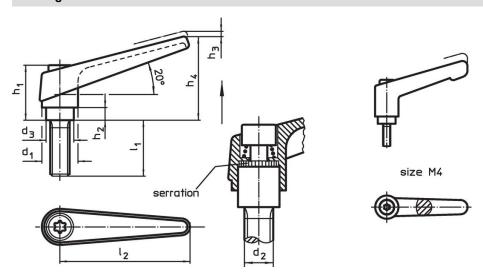

By lifting the lever the serrations are disengaged. The lever can be positioned by the serrations. On releasing the lever, the serrations are automatically re-engaged.

#### More information

### Notes

The screw part can be exchanged.
