

Spoked Handwheels • light metal

24610.0010

Product Description

For all handwheels, the hub is machined, rim is turned and mirror-finished on all sides. The unmachined raw surfaces have been blasted clean. Together with their mirror-polished rim, these handwheels therefore present a finish which generally does not require additional lacquering.

Material

Axe part

- Steel, zinc-plated by galvanization

Handwheel

- Aluminium permanent-mould casting

Assembly

Shaft-end washers EH 22270. for axial fastening.

More information

Further products

- Shaft-End Washers
- Cylindrical Handles, rotating

Drawing

The orientation of the hub keyway may be different than shown in the drawing.
