**RoHS Compliance According to EU Directive 2011/65/EU
Adaptation of the RoHS Directive 2015/863**

Dear Sir/Madam

On 4 June 2015 the Delegated Directive 2015/863, an amendment of the Annex II of the RoHS Directive 2011/65/EU for the restriction of the use of certain hazardous substances in electrical and electronic equipment, was published in the Official Journal of the European Union.

As a result of the regular monitoring of the Annex II, the following four reproductively toxic phthalates were added to the list:

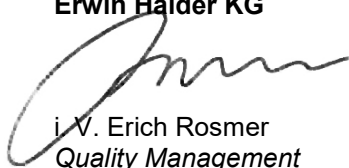

- Bis(2-ethylhexyl) phthalate (DEHP) (0,1 %).
- Butyl benzyl phthalate (BBP) (0,1%).
- Dibutyl phthalate (DBP) (0,1 %).
- Diisobutyl phthalate (DIBP) (0,1 %).

In the current publication, the member states are invited to implement the new directive by 22 July 2019.

Our company is aware of the adaptation and the relevant validity dates. For this reason, we are already working to check our portfolio concerned in order to ensure the compliance with the new Directive 2015/863 until 22 July 2019.

On the basis of information currently available, our products supplied to your company do not contain any substances in a concentration or an application whose placing on the market is forbidden.

Yours faithfully
Erwin Halder KG

i. V. Erich Rosmer
