**Conflict Minerals**

Dear Sir/Madam

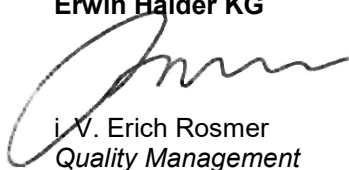

Many thanks for your enquiry regarding the obligations resulting from the Dodd-Frank Act Section 1502, part of the US government Dodd-Frank Wall Street Reform and Consumer Protection Act H.R. 4173, concerning "Conflict Minerals".

Our company is closely monitoring the American efforts to prevent the exploitation and the trade of the so-called conflict minerals coming from the Democratic Republic of Congo and the adjoining countries.

As a German company, we are not directly affected by the application of this law. Nevertheless, we pay particular attention to the national, European and international developments regarding ethical, social and environmental standards.

According the information available to us, we can therefore assume that our products do not contain any of the substances called "conflict minerals" like tantalum, tin, gold or tungsten from the Democratic Republic of Congo or its adjoining countries.

Yours faithfully  
**Erwin Halder KG**
