Lifting Pins • self-locking, stainless steel

22350.0775

Product Description

Heavy-duty lifting element for quick and easy use, with moveable shackle and locking stud to provide protection against unintentional unlocking. Special lifting devices, e.g. threads for ring bolts, are no longer required on the workpiece.

Corrosion and weathering resistant, thus also suitable for outdoor application. Very solid, precipitation-hardened pin with an extreme load capacity.

Material

Pin part

· Stainless steel 1.4542, precipitationhardened

Press button

· Aluminium, red anodised

· Stainless steel 1.4571

· Stainless Steel

Simple H11 boreholes are sufficient.

Mounting:

- 1. Press in the button and hold it down
- 2. Insert the lifting pin
- 3. Release the button (The button must be back in its original position)

Dismantling:

- 1. Press in the button and hold it down.
- 2. Remove the lifting pin.
- 3. Release the button.

Operation

Each lifting pin contains an instruction manual with an EC Declaration of Conformity.
