# Height-Adjusting Elements • orienting 25120.0246

# **Product Description**

For levelling of machines and installations when bearing surfaces are not parallel. For vertical adjustment, the self-locking height-adjusting elements are fitted with a fine-pitch thread. All elements have a throughgoing bore for fastening purposes. A turn-out lock serves as height limit for the maximum adjustment height.

## Material

· Heat-treated steel, zinc-plated by galvanization, chromalized
