SIMPLEX high-quality, extra short wooden handle · for SIMPLEX soft-face malltes with cast iron housing
EH 3244.

Product Description

The extra short SIMPLEX wooden handles of the series 3244 is combined with the SIMPLEX soft-face mallets with cast iron housing in the size of D80mm. Dampening vibrations and shaped ergonomically, these high-quality wooden handles have a double coat of varnish in the grip area and are thus resistant to dirt. Their shape ensures that the SIMPLEX contours much better to the user's hand than ordinary rubber mallets.

In line with the smart SIMPLEX principle, all components can be retrofitted. This translates to savings in both money and resources.

Product features:

- High-quality SIMPLEX wooden handles for SIMPLEX soft-face mallets for cast iron housing D80mm.
- Extra short handle, end of handle not hitting the ground.
- Vibration-dampening.
- Shaped ergonomically.
- Double coat of varnish in the grip area (resistant to dirt).
- Long-fibre, ultra durable.
- Safety-relevant (will not break in two).
- Can be retrofitted, resulting in great savings in cost and resources.
