

SIMPLEX 嵌件，50至40・TPE 中，灰色
EH 3203.

產品描述

A thermoplastic elastomer, the SIMPLEX insert TPE-mid boasts a hardness of approx. 90 Shore A, making it an insert of medium hardness (comparable to the hardness of the rubber composition insert included in the 3202 series). Unlike conventional rubber mallets, this grey insert does not leave behind any undesired black marring. This special version has a head diameter of D50mm, but is built into a D40mm housing. The oversized contact surfaces provide maximum protection during the gentle processing of workpieces with sensitive surfaces and also keep the housing from causing scratches on the surfaces.

Product features:

- SIMPLEX insert TPE-mid
- Grey
- Medium hard
- Non-marring
- Head diameter D50mm for installation in a D40mm housing
- Oversized contact surfaces prevent the housing from causing scratches

應用區域

For delicate materials, drywall construction, furniture assembly, window and door construction, joiner's work, floor tiling

材質

- 入子
- TPE 中，灰色
 - 不毀損的
 - 中硬
